The Complete Guide to Protecting Your Financial Security When Getting a Divorce Citadel Press

A divorce may be the most important business and personal transaction that you will go through. This user-friendly guide offers a roadmap to the process of divorce, helping you understand the process while clearing up some of the concerns and misconceptions that can occur. Randy Kessler explains, step-by-step, the entire process, including selecting an attorney, knowing the questions to ask and the answers that are needed, how a trial works, and much more.

Feminist Bookstore News Purdue University Press

Divorce is a difficult passage, but there are practical things any couple can do, individually or together, to make the transition as painless as possible.

Every divorcing couple needs the guidance in this book because, without it, the process will not go smoothly. Author Ed Sherman, an attorney with 35 years of experience and over 45,000 successful cases, shows how most divorces fit one of five profiles. He helps readers discover their profile then leads them through the process, step by step, of overcoming what can otherwise turn into major mental and monetary roadblocks. Through its communication, organizational, and negotiation tools, *Make Any Divorce Better!* not only saves readers money, but puts them - not lawyers or the courts - in charge of the process, allowing them to get it done faster, with a minimum of emotional and financial expense, and move on with their lives. Encyclopedia of Business Information Sources Do It Yourself Legal Pub

Divorce in the United States is becoming more prevalent than ever.

More than 2.3 million Americans divorce each year, and half of all marriages and 60% of all remarriages end in divorce. And the costs of ending a marriage--(both financial and emotional--(are staggering; the most conservative estimated cost of divorce is \$15,000 and average legal fees range from \$20,000 to \$30,000. And with most lawyers fees reaching \$300 or more an hour, there is a widespread need for accessible, inexpensive, and trustworthy information on all aspects of divorce. "The Complete Guide to Divorce Law provides readers who have no legal background with a detailed explanation of divorce law in each of the 50 states, which will help to minimize these legal fees and some of the emotional trauma that accompanies a divorce. For a fraction of the cost of an hour with their divorce lawyer, legal expert Nikara Choudri provides an easy to understand explanation of legal rules governing alimony, child support, child custody, and visitation. Now everyone going through a divorce will learn the requirements for filing for divorce, how divorce courts divide property, the qualifications for alimony, and how much child support will be required in a specific case. From the basic subjects, like determining the grounds for divorce, to complex topics like pensions, stock options, and professional licenses and degrees, Choudri offers sound, step-by-step advice that will help those contemplating the dissolution of a marriage to negotiate a settlement directly with a spouse as well as helping them to determine whether they can reach an out-of-court settlement. With chapters on such topics ranging from transmutation to drafting an out-of-court agreement, this is an invaluable guide that will help everyone make informed rational decisions while coping with the difficult issues that can arise in a heated divorce.

The Journal of Social, Political and Economic Studies UNC Press Books

The stereotype of the "gold digger" has had a fascinating

trajectory in twentieth-century America, from tales of greedy flapper-era chorus girls to tabloid coverage of Anna Nicole Smith and her octogenarian tycoon husband. The term entered American vernacular in the 1910s as women began to assert greater power over courtship, marriage, and finances, threatening men's control of legal and economic structures. Over the course of the century, the gold digger stereotype reappeared as women pressed for further control over love, sex, and money while laws failed to keep pace with such realignments. The gold digger can be seen in silent films, vaudeville jokes, hip hop lyrics, and reality television. Whether feared, admired, or desired, the figure of the gold digger appears almost everywhere gender, sexuality, class, and race collide. This fascinating interdisciplinary work reveals the assumptions and disputes around women's sexual agency in American life, shedding new light on the cultural and legal forces underpinning romantic, sexual, and marital relationships.

Law Books Published SphinxLegal

The straight-talking guide to divorce by a seasoned family lawyer. The No-Nonsense Guide to Divorce: Getting Through and Starting Over is the straight-talking, reassuring book you need now if you find yourself facing divorce. Written by an experienced family law attorney, the book is an often blunt, sometimes funny, always empathetic look at one of the most challenging times in your life. The book

begins with a list of rules to help you through the tough parts. They're reliable, time-tested, formulated from the author's 27 years in practice. In a clear, concise, and contemporary voice, author Lori Hellis offers step-by-step, start-to-finish advice on the many phases of divorce. She covers the full spectrum of divorce issues from beginning to end, from how to start and what temporary measures to take to deciding child custody and parenting time, calculating child and spousal support, and dividing property and debts. The book contains essential information for anyone during a divorce and includes specialized chapters for divorcing seniors, gay couples, and military members. It's filled with concrete advice, sample documents, and hilarious and sometimes cringe-worthy examples from the author's years as a practicing divorce attorney. It's the perfect blend of how-to and what-not-to-do.

National No-fault Motor Vehicle Insurance Act
Rowman & Littlefield

Cultural Shaping of Violence proposes that violence cannot be described, let alone understood or addressed, unless tied to the cultural settings that influence it. This volume documents violence in 22 distinct cultural settings in 17 nation-

states on five continents. Internal to each society, a number of sites of violence may thrive, from the domestic sphere to social institutions and political arenas. In whatever site or guise, violence reverberates throughout the social fabric and beyond.
