Sylvia Stryker wants a job

on a cruise ship. A family scandal led to a white lie. Will a dead body in her ward change the trajectory of her life? But after finagling a job on board an outer space cruise ship, she's ready to explore all that outer space has to offer. With a private room in the staff quarters, her robot cat by her side, and the responsibilities of uniform management, Sylvia is thrilled to return to work — until she discovers the second navigation officer dead in the inventory closet. Neptune, the head of ship security, finds Sylvia's presence to be the most suspicious

part of the incident; that's what happens when you hack your way into a last-minute job opportunity! But despite his efforts to pin the murder on Sylvia, she won't accept how the clues are unfolding. how to act and what to say in the presence of police to avoid unnecessary arrests for petty offenses or mistakes in judgment that can lead to permanent disqualification from jobs, financing, and education. From what to do if a cop asks to search the car to dealing with a racial slur or how to handle a roach in the ashtray, this handbook details the nuances of dealing with the police. This

revised and expanded edition of Arrest-Proof Yourself includes more than 100 pages of new information to reflect changes in police technique and “proactive policing.” More than 50 pages are dedicated to weaponry—including how to legally own and handle guns and knives and which firearms to use for self-defense—and updates examine topics such as the current

surveillance state and the ability of police to track movements and activities using data drawn from cell phones and computers. Sprinkled with not only moral outrage but also the weird humor that permeates law enforcement, this urgent, eye-opening exposé has stories from 30 years of case files, making it the go-to guide to police procedures for all Americans. Records & Briefs New York State Appellate Division THIS IS THE NEWEST VERSION OF POLICE ENCOUNTERS , PLEASE ENJOY!!! This book is written

by a former investigator and was designed to give the everyday citizen critical information about their rights when dealing with law enforcement. There might be information in this book you only need to know one time, but that one time could save your life. Case laws are also included.1) What is the difference between a frisk and a search? 2) Did you

know that if you were getting patted down (frisked) by an officer and that officer starts manipulating the items in your pocket with his finger, that "pat-down" just became and illegal search? 3) Did you know that if that officer puts his hand in your pockets that "pat-down" just became an illegal search? 4) Did you know that a "pat-down" is to be conducted on the outer layer of your clothing? Police

Encounters: Know Your Rights was designed to educate it's readers on their everyday rights. This book is written by a former Investigator, SWAT member, and Hostage Negotiator. As an Investigator I've worked: Street level narcotics and was assigned to a DEA task force (developed informants, conducted surveillance, conducted undercover

operations, conducted wire taps) Property crimes (burglary and thefts) Person's crimes (aggravated assaults and violent offenses) Sexual assaults (rapes and sexual assaults against children) White collar crimes (identity thefts and frauds.) As an investigator I've worked God knows how many cases. It's sad, but many of them were crimes against

children, we receive too many of those. Anyway, I drafted numerous search warrants in my career to search everything from vehicles to body cavities. I've taken thousands of arrest warrants and conducted about the same number of interviews. I've had people confess things to me from petty thefts to despicable child molestations. And I've

received all the information with a straight face and the suspect thinking I was there to show them support. I can't recount how many times I conducted an interrogation and thought to myself, "You need to ask for a lawyer right about now." But, my job was to extract information; so I did. I've participated in more than my share of hot pursuit chases, high risk warrant

services (arrestcase laws and warrant and search warrants), no-knock search warrants, and stand-offs in which I had to negotiate. With that being said, the information in this book is true and accurate with applicable case law to back it up. After each section of this book you will find numerous case laws with brief descriptions that will support what was just stated. Feel free to research the

read the full scenario of what happened to bring about the case law. Also, the "examples" given in this book are taken from actual events so everything is true to life. Police Encounters: Know Your Rights is straight forward and very easy to understand. If you didn't know the answers to the questions asked, then you need to get this book. There is

no telling how many times your civil rights have already been violated, and you didn't have the slightest idea. If you have a friend or loved one in college, this is the book for them. If you have brushes with the law, then this is the book for you. There is information in here that you didn't know about, that I guarantee. Now is the time to gain this new knowledge so that you can be mentally aware

for you and those close to you. There is information in this book that you may only need to know one time, but that one time can be the difference between freedom and life in prison, or remaining a sexual assault victim or fighting back with the law. The knowledge is here, I suggest you give it a once over because I've personally sent people to prison who didn't know

when to ask for a lawyer. Grant, they did the crime, but a lawyer could have helped negotiate a lighter sentence for a confession and cooperation. Don't be one of these people.
